

To their Majesties , their Excellencies and kingdom seneschal We, His Lordship Sigfuss Thorulfsson Visfiskar and Her Ladyship Freydis Birthesdottir, Do present ourselves to the thrones and barony as a candidate to the baronial positions.

We are both long standing members of the SCA, active in our chosen paths and attend many events. -Sigfuss is currently archery captain and the dragonblinder of Montengarde. Freydis has been the seneschal of Windwyrn for many years and is currently kingdom archery champion. Even though I live in Windwyrn, I spend most of my time in Montengarde and have no issues with commuting up when needed.

We understand the roles that we would be taking on and have read the laws and handbooks. We both have the support of our households and peers to assure that we are successful in this role.

Both Sigfuss and Freydis are dedicated to making the SCA and barony a fun and safe place for everyone, building upon the current structure of community and communication that is already building up around us.

Thank you for your consideration
YIS Lordship Sigfuss and Ladyship Freydis
